

CHEST Home Cinema Chair

CHE.TC.116

Description

Chest Recliner Chair interprets the tradition in a contemporary mood. It takes inspiration from the Chesterfield sofa of the 19th century with its distinctive deep buttoned and quilted leather upholstery. Chest recliner is conceived to ensure maximum comfort, relax and durability. The high quality and the long lasting resistance make Chest a unique and indestructible seating.

Chest reclining chair can be enriched with optional cooling cup holder, USB ports, swivel touch lamp and an exclusive lift bar unit that rises up from the central arm.

To create a completely customized space, the client can compose its own layout at will, choosing between curved or straight row, and including single seating, love seats and daybeds.

Chest Theater Seating is covered with precious leather, fabrics and bespoke cloth according to customer needs.
