

# KUBRIK Reclining Sofa

KBK.TC/KBK.SF

---

## Description

Kubrik is a special modular sofa with double reclining mechanism. Its modular design permits to create infinite configuration to suits any space.

The double mechanism permits to recline both backrest and footrest separately, in order to achieve the best comfort and ergonomics. Kubrik modular sofa is the perfect seating for home cinema, multipurpose room and living area.

Kubrik modular sofa can also be configured as a comfortable armchair, equipped with the same double reclining mechanism. Its design is modern enhanced by different accessories to maximise comfort: like leathers pockets and removable little table. Seating are available both with and without mechanism.
