

MIRABILIA Poker Table

LE.GT.PK.MI

Description

Mirabilia, a round poker table, is a unique piece equipped with a pop-up mechanism that reveals a bar element inside. A lithium battery allows the lift movement of the central part of the table, in which you can store your precious bottles and set of chips. The base of the table is a contemporary design element: helicoidal shape created with the overlap of several rings in lacquered wood. The table also has a steel cup holder built-in the top.

Designed by Pino Vismara

Year 2018
